## PROFILE

Computer Engineering student with a passion for software development and problem-solving. Experienced in developing responsive web applications using modern technologies. A quick learner with strong analytical and teamwork skills, eager to secure an internship where I can apply my technical knowledge, contribute to real-world projects, and grow as a software engineer.

## EDUCATION

2024 - Present

**Bachelor of Computer Engineering**  
PVPIT Bavdhan | SPPU University  
CGPA: 9.38 / 10

## PROJECTS

### Portfolio Website

A modern and responsive personal portfolio showcasing my skills, projects, and achievements in software development. Created to highlight my journey, technical expertise, and passion for technology.

**Technologies Used:** HTML, CSS, & Javascript

## ACHIEVEMENTS & HACKATHONS

Secure a 9.38 CGPA in my first year of college

Participated in Hackathons
